Funding Partners

UN Women effectively leverages and expands its partnerships, communications and advocacy capabilities to increase support for and financing of the gender equality agenda, while securing sustainable resourcing for the delivery of its own mandate.

## Our result highlights

### Financing And Advocating For Gender Equality

UN Women is effectively influencing other actors, in financing gender equality and women's empowerment, advancing its own partnerships and raising awareness of gender equality.

In 2022, UN Women increased its active partnerships with the public and private sectors and its engagement with international financial institutions and non-traditional partners, including through mobilizing individual giving for gender equality. It significantly deepened its engagement with diverse youth and adolescents in its programming by working closely with youth focal points in countries across all regions.
