UN Women works to influence the adoption of advanced and comprehensive normative frameworks on ending violence against women and girls and partners with Governments and women's advocates for their implementation through the adoption, strengthening and implementation of national laws, policies and strategies. For example; A Regional Consultation Workshop on the Revision of the DILG-DSWD-DOJ Joint Memorandum Circular (JMC) No. 2010-1 on the Creation of the Local Committees on Anti-Trafficking and Violence Against Women and their Children. Acknowledging the crucial roles of the Local Committees on Anti-Trafficking and VAWC (LCAT-VAWC) at the local level in cascading anti-trafficking interventions on the ground, as well as the enactment of revised/new legislation to protect women and children from trafficking in persons (TIP), violence, among others, particularly TA 11862 (Expanded Anti-TIP) and RA 11930 (Online Sexual Abuse and Exploitation of Children and Child Sexual Abuse or Exploitation Materials Act), RA 11313 (Safe Spaces Act), it was deemed necessary to update the JMC to make it more relevant and responsive, and adapt to the current needs and changing times. Furthermore, UN Women has been advocating for the adoption of the Gender-Responsive and Inclusive Pandemic and Disaster Management Act of 2022. The Committees on Women, Children, Family Relations and Gender Equality; Health and Demography; and Finance per Committee Report No. 42, recommending that it be substituted by SBN-1980
