By 2024, the prevalence of violence and armed conflict is reduced, and the security of people and property is improved, particularly for vulnerable people, refugees/displaced persons, women, and young people (UNSDCF Outcome 1.1)

The number of women and girls living in a conflict context has increased by 50%, making millions of women and girls even more vulnerable to gender-based violence. In the DRC, more than 38,000 cases of gender-based violence were reported in 2022 in North Kivu alone.
