## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

**The legislative and institutional environment to formulate and implement laws and policies that promote gender equality and women’s empowerment in line with the 2014 Egyptian Constitution and relevant international norms and standards is enhanced.**

At the policy level, the promulgation of the Unified Budget law in 2022 was an important step in UN Women's partnership with the Ministry of Finance on GRB. The Law requires the government to adopt more transparent planning of public finances, mandating an annual medium-term budgetary and fiscal strategy be presented to the House of Representatives and requires set spending limits for each ministry. The law also enshrined the implementation of program and performance budgeting with a grace period of 4 years. UN Women provided technical assistance to the development of the by law to ensure that GRB is incorporated in the budget cycle.
