STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2023

The State and Honduran society implement policies, strategies and programs that allow the transition to an adequate and inclusive economic transformation and decent work for women and men.

Approaches to government institutions has been made, such as the Instituto Nacional de Estadística (INE) to achieve data collection through financial inclusion and time use surveys in the triffinio region; joint work with Secretaría de Estado en el Despacho de Desarrollo Social (SEDESOL) and Secretaría de Asuntos de la Mujer (SEMujER) to achieve the installation of a the national care board, installation of the care regional platform and the launch of the care certificate with CLACSO, WE EFFECT, UNICEF, with Italian Agency for Development Cooperation (AICS) and Italian Ministry of Foreign Affairs and International Cooperation funds, as part of the construction of the comprehensive care system; With Servicio Nacional de Emprendimiento y Pequeños Negocios (SENPRENDE), joint actions have been identified regarding women owners of businesses, companies or productive units and their access to tools to strengthen business, financial and digital capabilities. Aiming towards this goal, exchanges of experiences have also been carried out with business service providers (4 hondurans) at the regional level to know and apply the best practices of services and technological platforms with gender focus. Another determining result is the participation of financial institutions that are part of the country's large financial ecosystem, such as banks, cooperatives, microfinance companies, fintech, regulatory entities and associations, have joined the initiative the Inclusive Financial Ecosystem (IFE) program funded by the Directorate for Development Cooperation and Humanitarian Affairs, Grand Duchy of Luxembourg which aims to close financial gender gap and introduce innovative financial products and services with a gender focus. As knowledge products, it is expected to achieve publication in the first half of 2024, the analysis of the Central American Bank for Economic Integration (CABEI) MELYT guarantee fund, to learn its best practice of financial impact measurement with gender focus. During this period, two organizations subscribed the WEPS principles, making a total of 9 companies in the country. The WEPS have been promoted jointly country and regional level,

through a latinamerican webinars cycle of WEPS experiences.
