Outcome 1.2 All women and men in Kosovo, particularly young people, vulnerable groups, and displaced persons, increasingly achieve gender equality and claim their rights and fulfil civic responsibilities (UNSDCF Outcome 5)

Progress against Outcome was noted during 2023. Support to the Ministry of Justice on implementation of the National Strategy on Protection Against Domestic Violence and Violence Against Women 2022-2026 and administration of the DV database, ensuring day-to-day data entry and maintaining data protection continued throughout 2023. A total of 139 service providers, out of which 73 male and 66 female are now skilled to enter data in the system thanks to training provided by the database expert, engaged through UN Women support. In addition, database expansion with three additional modules, which was implemented in coordination with the Ministry of Justice and UNDP, enables the collection of, and analyzing cases of domestic violence also by Kosovo Correctional Service, Kosovo Probation Service and Agency for Free Legal Aid. Detailed statistical reports on cases are now publicly accessible on the website

of Ministry of Justice. Finally, with technical support of UN Women the New Law on Prevention and Protection from Domestic Violence, Violence Against Women and Gender-Based Violence was approved and entered into force on 27 October 2023.
