Number of countries with institutionalized user-producer dialogues to increase accessibility, quality and demand for multi-level disaggregated gender statistics, sex-disaggregated data and knowledge (CO)	2023 (Milestone)	-	TRUE
	2024 (Target)	-	-

## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2023**

**By 2024, vulnerable groups, including women, children, adolescents and youth, have more equitable access to quality basic social services, according to their age and gender-specific needs, including in humanitarian situations.**

Vulnerable groups of people have access to basic social services of good quality thanks to the social and economic reintegration activities initiated by UN Women. 100 women and girls facing multiple forms of intersecting discrimination (GBV survivors, people living with disabilities, people living with HIV, people living with albinism) are self-employed and able to support themselves and their families. These women from the regions of Kayes, Sikasso, Bamako, Ségou and Koulikoro are now able to run their own businesses thanks to UN Women's esthetics training and esthetics kits. 180 girls from Bamako, Sikasso, Bougouni and Koutiala have strengthened their skills on menstrual hygiene management through the training sessions organized by UN Women and are able to manage their menstruation with dignity thanks to the menstrual hygiene management kits provided.
