## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2023**

**By 2027, all people living in Nigeria have improved social protection coverage that is inclusive, gender-responsive, and shock-responsive, including social assistance, social insurance, and labour market interventions**

During the reporting year, women's access to gender-responsive social protection was enhanced as a result of the EU-UN Spotlight Initiative and the Traditional and Cultural Leaders for Ending GBV by Advancing Advocacy, Policy, and Social Norm Change in Nigeria and West Africa (LEAP). The Council of Traditional Leaders of Africa established a workplan to engage on issues of GBV and address discrimination against women and girls. The institution further made commitments to address GBV endorsed by the leadership. The Nigeria Spouses Forum has further made strong commitments around establishment and funding of services to respond to gender-based violence. Their actions on GBV are institutionalised and demonstrated by self-initiated advocacy actions on GBV.
