STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

PCO SN Outcome 1.1: Mechanisms supported by UN Women are in place to assess and report on the progress of the Government of Pakistan's international Gender Equality and the Empowerment of Women (GEWE) commitments (aligned to SP Output 1)

The outcome was achieved during the reporting period. Initiatives headed by PCO - especially the setting up of data and evidence bases - have been imperative to assess and report on the progress of Pakistan's international GEWE commitments. During the reporting period, PCO continued to strengthen the National Gender Data Portal, including finalising the portal, data uploading and routine trouble shooting. The Planning and Development Departments in provinces and Bureau of Statistics were taken on board to streamline data supply. The P&D departments were also trained on NGDP, its indicators and data protocols after their agreement to provide provincial data to strengthen this repository. The support provided to CSWs and the NGDP is an imperative for PCO work towards upholding governance and oversight in the country. To strengthen reporting on Pakistan's international obligations on GEWE, PCO continued to work with diplomats of member states, as well as provide support to the Ministry of Human Rights, for recommending pragmatic measures development of reports. During the year, PCO contributed to the Universal Periodic Review (UPR) by providing recommendations, and assisted development of the CEDAW report through technical support provided to MoHR. Both these reports were submitted to UNCT during the reporting period and they have been further submitted to concerned UN entities.
