STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2023

Al-Shabaab is reduced and degraded, and respect, protection, and promotion of human rights, gender equality, tolerance, climate security, and environmental governance is sustained through strengthened security and rule of law institutions and improved accountability mechanisms and legal frameworks

UN Women, Peace, and Protection project in Somalia supports initiatives aimed at promoting gender equality, empowering women, and ensuring their meaningful participation in peacebuilding and conflict resolution efforts through Enhanced information sharing and strategizing for collective action around identified priorities; the interface with various duty bearers has increased their recognition and empowered them to proactively engage with duty bearers as part of the network and individually. They are also now engaging in joint actions with the traditional elders, as well as improved partnership and collaboration with the district level peace committees and other dispute resolution mechanisms, ensuring that women can positively influence peace building efforts beyond their usual domains.
