STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2023**

By 2027, the operational, normative and collaborative potential of the UNCT Cooperation Frameworks to contribute to greater gender equality is fully optimised by UN Women’s interventions

This outcome is on track. There has been some progress towards the realisation of the operational, normative, and collaborative potential of the Pacific United Nations Sustainable Development Cooperation Framework (UNSDCF) to contribute to greater gender equality and women’s empowerment in Vanuatu. The United Nations in the Pacific has committed to the rollout of a comprehensive assessment of the United Nations System-wide Action Plan (UNCT-SWAP) Gender Equality Scorecard for a second time in less than 5 years. This commitment demonstrates willingness to being able to more concretely understand areas that need further joint action to progress gender mainstreaming and advance gender equality and women’s empowerment. The assessment will be undertaken across all three sub-regional United Nations Resident Coordinator Offices (RCOs) in a separate but coordinated manner as the RCOs come under one Pacific regional UN Sustainable Development Cooperation Framework (2023-2027). The Fiji RCO, overseeing the Vanuatu Joint Presence Office, will be included in the UNCT-SWAP Gender Equality Scorecard assessment. In December 2023, the Government of Vanuatu signed the Vanuatu Country Implementation Plan 2023-2024 (CIP), signifying a country-level agreement with the Pacific UNSDCF. The Vanuatu CIP builds upon the Pacific United Nations Sustainable Development Cooperation Framework 2023-2027 (UNSDCF) developed by the United Nations (UN) and 14 Pacific Island Countries and Territories (PICTs). The Vanuatu CIP is firmly anchored to country-level priorities and structures and defines the UN actions and deliverables in Vanuatu, including those of UN Women, to help achieve the outcomes of the Pacific UNSDCF. The CIP will guide the joint efforts, and the collective results expected will help Vanuatu to ensure all people are equal and free to exercise their fundamental rights, enjoy gender equality and peace, remain resilient to existential threats, and live in harmony. Throughout 2023, UN Women

played a pivotal role within the Joint Programme Presence in Vanuatu to advance and ensure the inclusion of gender equality and women's empowerment throughout the Vanuatu CIP. Capacity building of agencies through training and access to tools and guidance on gender responsive programming was undertaken which in turn has advanced joint action on gender equality in Vanuatu. UN Women's overarching commitment focused on supporting Vanuatu's national development priorities on gender, Sustainable Development Goal 5, and alignments with international standards such as CEDAW and the Beijing Platform for Action.
