STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF: [2023](#)

Women and girls are prepared to withstand multiple hazards, recover from disasters, and increase their resilience to future disasters and threats.

UN Women through the Creating Understanding, Responsiveness and Efficacy on Gender Based Violence (CURE GBV), CERF funded project ensured that GBV and PSEA in humanitarian systems and services are available, safe, effective, and responsive to the needs and rights of women and girls, people with disabilities and the vulnerable communities. The activities implemented in the CURE GBV project provide and increased access and awareness to 32, 988 women and girls, on PSEA and GBV services in the 3 districts (Blantyre, Phalombe and Zomba) heavily affected by Tropical Cyclone Freddy.
