STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2023**

Government and non-governmental stakeholders' capacities strengthened to assess and report on progress on the 2030 Agenda and other global normative and policy frameworks for GEWE and government accountability is strengthened (Contributes to UNSDCF Outcome 5)

UN Women significantly increased the capacity of the national mediation, machinery i.e. National Directorate for Community Conflict Prevention (DNPCC) of Ministry of Interior in the country. Through UN Women’s technical support, the first National Mediation Network of Timor-Leste (“Rede Nasionál Mediasaun”) was officially established on 31 July 2023. Contributing to the Participation and Prevention Pillars under the National Action Plan on the United Nations Security Council Resolution 1325 on Women, Peace and Security (NAP 1325), the Network promotes participation and representation of women in all aspects of mediation and negotiation, and other peacebuilding processes of the country. Additionally, the DNPCC mediators resolved XX cases in 2023 as compared to 146 cases in 2022 (out of 319 cases registered in 12 municipalities and 1 special administrative region – 45.8% of cases resolved) in multiple areas, including land & property disputes, martial arts issues, social conflict, and disputes over natural resources. The number of women national mediators in DNPCC increased from 32% of 31 mediators in 2019 to 47% of 40 mediators in 2023, reaching towards gender parity. With the technical and advisory support of UN Women, the Ministry of Interior and the NAP 1325 Secretariat have demonstrated increased capacity in evaluating the results and reviewing the lessons learnt of the first National Action Plan on the United Nations Security Council Resolution 1325 on Women, Peace and Security (NAP 1325) through consultations and validation workshops in 2021-2022, which later informed the drafting of second NAP. The second NAP 1325 has been approved by the council of ministers.
