STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF: **2023**

UN System in West and Central African Region effectively, coherently and systematically contributes to progress on gender equality and the empowerment of women and girls (SP Outcome 7)

Major achievements marked 2023 in Coordination. The elaboration of the WCAR Coordination Strategy is a key milestone to clarify the menu of services of UNW on Coordination in the region and to enhance partnerships and opportunities for joint intentions and mobilization of resources with regional economic commissions, IFIs, regional and continental bodies and platforms and CSOs. Support to 7 UNSDCF rolled out in 2023 was made and GEWE was mainstream in all of them. WCAR as Peer Support Group Member supported 7 prioritization exercises with DCO, trained more than 300 RCO GTG staff and government official on programmatic principles, and supported the elaboration of Theories of change and results frameworks in all 7 countries that elaborated UNSDCFs/CCA this year. 2 new comprehensive UNCT SWAP reports are available (Togo and CAR) and 14 Countries presented annual reports on the UNCT SWAP gender Score Card in 2023. WCARO elaborated the compedium of Best practices on Coordination integrating examples of RCOs and GTGs in advancing GEWE mandate. RO elaborated the report of the Africa Wide training of GTGs including participation of more than 60 staff from RCOs in the region with DCO, ESAR and UN Coordination Division. Support has been provided to advance normative agenda through the AU African Preconsultation of the CSW 68 with the outcome document in English, French and Portuguese as main result. Coordination of other intergovernmental processes is provided such as Beijing Plus 30 with ECCAS and OIBCs, and HLPF. WCARO has supported more than 6 GTG retreats in the region including Mali, DRC, Equatorial Guinea, Liberia, Sao Tomé and Principe, and contributed to the Operationalization of GTGs in Mali, Sao Tomé and Principe and Equatorial Guinea.
