

Selected Strategic Plan:

2022-2025

Year Selected: 2023

Women and girls contribute to, and have influence in, building sustainable peace and resilience and benefit equally from the prevention of conflicts and disasters, and from humanitarian action.

## SP\_D\_4.2

The data comes from the five UN-led processes that were ongoing in 2022 (Georgia, Syria, Yemen, Libya, and Sudan) and is not a global average.

Percentage of women mediators, negotiators, and signatories in major peace processes (Desk Review)

Common:

UN

Disaggregation Data

COUNTRY: GLOBAL

		Mediators	Negotiators	Signatories
2019	Baseline	6%	13%	6%
2022	Milestone Result	-	-	- -
2023	Milestone Result	- 29%	- 16%	- -
2024	Milestone Result	-	-	-
2025	Target Result	8%	15%	7% -
