The main focus of WPS was related to women's participation in transitions and how they could influence peace in such context. An online meeting was organized with 100 participants from all the 6 african countries in transition namely: Mali, Burkina Faso, chad, Republic of Guinea, Gabon and Sudan. Another meeting was organized by AWLN with women from contries in transition in West Africa . The same debat was conducted during the annual meeting of the Group of Women and Youth for Peace and security in West Africa and the Sahel. Women from those countries continued to make advocacy in many fora at the national and regional level. UNWOMEN also supported women's organizations advocacy for more access to financing. This advocacy was conducted

through an online meeting with key donors and representatives from different countries of the region. UNWOMEN has also identified implementing partners who will coordinate the project financed by Netherlands aiming to build capacity of 118 WOs.
