## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2022

**Al-Shabaab is reduced and degraded, and respect, protection, and promotion of human rights, gender equality, tolerance, climate security, and environmental governance is sustained through strengthened security and rule of law institutions and improved accountability mechanisms and legal frameworks**

The Federal Government of Somalia has declared war on al-Shabaab as part of the Government's stabilisation agenda. While the government has made some advances in liberating some parts of Somalia from al-Shabaab's control, the terrorist group remains a threat to peace and security in Somalia, and continues to undermine the rights of women and girls, consistently taking a cultural standpoint that contradicts the gender equality and women's empowerment agenda. Under the Joint Programme on Women, Peace and Protection, UN Women Somalia is working with the Ministry of Women and Human Rights Development at the Federal Government Level and at the Federal Member States to protect and promote the rights of women and girls in Somalia in the context of drought and conflict. The project will contribute to the strengthening of the capacity of security and rule of law institutions to prevent and respond to violations against women and girls, including conflict related sexual violence, the perpetrators who often include members of al-Shabaab.
