Comprehensive Programme Management including Knowledge development, sharing & communication and programme Monitoring & Evaluation

In terms of knowledge management, SCE has developed the following knowledge products during this year: https://lac.unwomen.org/es/digital-library/publications/2022/08/desercion-escolar-y-educacion-de-segunda-oportunidad-con-enfoque-de-genero-en-chile-metodologia-buenas-practicas-y-recomendaciones In terms of monitoring and evaluation, 3 monitoring report s have been conducted and 1 global evaluation is still in development. Regarding communications, SCE Chile communications efforts have focused on sharing participants perspectives, as well as the activities and results delivered by the program. This strategy has been successfully implemented in three areas of work: Visibility of the program implementation, activities and results are continuously posted on the local program site tuoportunidad.org, as well as UN Women Chile social media channels. Testimonial videos have been developed with women available in UNW's Chile Youtube.
