STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2022

High quality of programmes through knowledge, innovation, results-based management, and evaluation.

2022 is the first year of China CO to operate as a full-fledged country office since Delegation of Authority was granted in Oct 2021. We carried out capacity development for staff covering internal controls, results-based management (RBM), monitoring and evaluation (M&E), project management and operations management etc., and ensured a smooth transition and full adherence to business operations standards. Nine project managers and young professionals participated M&E training in March and RBM & project management in Sep, staff capacity to develop and implement comprehensive M&E work, application of RBM approach in project management are further strengthened. In 2022, the office submitted six quality donor reports timely in line with corporate guidance on donor reporting and submission, incl. UN Women DV Prevention and Response in Post CoVID-19 China Programme; WeCare-Mobilizing companies to address unpaid care work and violence against women in the workplace; project under China Gender Fund; and project in supporting Women to recover from Socio-Economic Impacts of COVID-19 in China. For reporting monitoring, in addition to the compulsory of semi-annual reporting for Q2 and Q4, China office also did Q1 reporting for additional oversight on the workplan implementation. The quality reporting was timely submitted in Result Management System (RMS). In line with 2022 corporate evaluation guidance, the thematic evaluation of Women's Economic Empowerment portfolio in China was conducted based on UN Women's WEE strategy (2021-2025) and focused on two WEE projects e.g. WeCare project and Supporting Women to recover from socio-economic Impacts of COVID-19. The evaluation draws mainly on analysis of information collected on these two projects, while linking it to the broader WEE thematic area in order to provide a holistic and strategic recommendations to decision making, learning and accountability for the WEE portfolio of UN Women China country office. The evaluation report is under quality review by Regional Office, and the office aims to produce quality evaluation report with quality assurance support from both regional level and country office level.
