SHOWING DATA OF : **2022**

Enhanced coordination, coherence, and accountability of the UN system for GE commitments

Through UN Women's leadership under the UN RC, the new UNSDCF (2023-2027) has both a stand-alone pillar on GEWE as well as being mainstreamed through three of the five pillars. UN Women negotiated with the MoFA on sensitive terminology and supported the UN RC in finding compromise language. Cabinet approval of the UNSDCF was secured just prior to COP27. Using the momentum of COP27, UN Women and UNDP have come together (through UN Women's initiative) for the first time in a Joint Programme on gender-responsive renewable energy (pending). With Egypt's Presidency of COP27 on behalf of Africa Group, the UNCT was incredibly busy in 2022. UN Women Egypt was designated as the lead agency on the one Presidency Initiative on Women (the African Women's Climate Adaptive Priorities - AWCAP), and the Egypt CO took the lead in coordinating 11+ agencies (global, regional and country level entities including UNFCCC) in providing harmonised technical advice to the Government of Egypt in the shaping of the initiative. Evolving into the AWCAP, UN Women Egypt liaised with the three regional offices in Africa to mobilise 7 countries to sign off on the initiative. Launched at COP27 under the auspices of the President of Egypt and in the presence of the UN Women ED, the AWCAP is the first initiative of its kind in a COP, and UN Women is designated as the global lead.
