## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

**Marginalized women and young women have access to, participate in and achieve quality learning, entrepreneurship and employment outcomes through second chance education.**

Significant progress has been made to the achievement of this outcome. As a result of a completed market study, 942 female SCE beneficiaries enhanced their skills through online learning on the platforms Kolibri and EdApp supported by 31 local female SCE facilitators on new content developed by UN Women's partner Arab Women Organisation. The skills engagement related to the following topics: project management, financial management, health issues, handicrafts soap making, e-marketing, personal financial planning, gender equality, entrepreneurship and more. 12 female beneficiaries received mentoring training to be able to mentor new beneficiaries in the future. Plans are underway to fully integrate SCE into the Jordan CO's Oasis model following its redesign planned to happen in 2023 with focus on maximizing program synergies for transformational impact, enhancing the quality of interventions, and increasing investment in inclusive national systems for deeper impact and sustainability.
