STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

Advancing Partnerships & Resourcing

The Country office strategically focused on existing effective partnerships with the Government of Kazakhstan. In 2022, the new project was funded by a new donor the Ministry of Information and Social Protection (\$1.2 mln) for achieving results in the implementation of the National Concept on Gender and Family Policy, WEE, Gender sensitive education and strategic level plans and policies. Also, the Office expanded its cooperation with the Private Sector (13 new private and quasi-state companies became WEPs signatories in 2022). <https://www.weps.org/companies> The largest bank in Kazakhstan Halyk Bank expressed interest in the implementation of a joint WEE initiative announcing a 2 million funds allocation for the development of women's entrepreneurship in Kazakhstan. The diplomatic community in Kazakhstan joined UN Women in amplifying messages and advocacy for GEWE through a newly established Extended Gender Theme Group (10 embassies, 3 International Financial Institutions). In addition, UN Women engaged the Ministry of Foreign Affairs in the work of the Spotlight Initiative Regional Programme to ensure financial investments and potential contributions to the Regional SGBV Alliance. The Office encountered challenges in resource mobilisation due to the upper middle-income status of the country where international donors are not present, however, the strategic partnership was strengthened in the course of the implementation of joint programmes (for example, European Union and MPTF) and close cooperation with the Government of Kazakhstan.
