Outcome XM-DAC-41146-MOZ_D_2.1

Data as of:
29 April 2024

OUTCOME MOZ_D_2.1 [XM-DAC-41146-MOZ_D_2.1](#)

Strengthened economic and social participation of women farmers and young women in promising value-chains

OUTCOME DETAILS

SDG alignment

Impact areas

Women's economic empowerment

Organizational outputs

Financing for gender equality

Access to services, goods and resources

Policy Marker

GENDER EQUALITY

Humanitarian Scope

No

Outcome Description

This refers to the CO interventions contributing towards job creation and income generation for rural women and young women by fostering their transition from less formal, vulnerable and subsistence occupations, to decent and sustainable work, as well as, increase climate resilient agribusiness opportunities. This will help diversified sources of income and secure access to and control over productive assets.

STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2022

Strengthened economic and social participation of women farmers and young women in promising value-chains

A total of 324 survivors of violence became part of the chicken and sesame seeds value chains in Manica Province with UN Women support as part of the SI. This was achieved by exposing identified target group to the the UN Women CO economic empowerment model which encompasses financial literacy, coaching for constitution and running village savings and loans groups, provision of business startup kits, business management and entrepreneurship training (<https://africa.unwomen.org/en/stories/feature-story/2022/08/unleashing-young-womens-entrepreneurial-potential-in-mozambique>). Those interested in poultry farming in a total of 240, the UN Women responsible partner established a formal partnership through an agreement with the lead poultry farming private company in the Province, Higest, to include the women in thie value chain. As a result, the women had access to (chicks , food and medicines), technical assistance as well as guaranteed market for they production at the end of each cycle. Another agreement was entered with a local hotel to absorb the production. For another 84, an agreement was entered with the District Government Services of Economic Activities for them to join the Seasem Seeds value chain. As a result, the women had access to training, seeds and technical assistance including to commercialize. In 2022, the first group was able to commercialized 500KG and earned 33,000MZN (\$500), the second commercialized 150KG and earned 15,000MZN (\$250) while the third groupreceived seeds to start the activities in the next season. These initiatives are meant to help women engage in high value value chains to be able to generate steady income with potential to grow thus become economically empowered.
