Humanitarian /crisis response planning, frameworks & programming are gender inclusive and responsive

During the year 2022, the Niger Country Office, through the GTG/DH, which it leads, strengthened the capacities of the focal points on the role of the thematic groups in coordination. Also, the Terms of Reference of the GTG/DH have been revised and validated for the revitalization of this group so that it can effectively carry out its coordination mandate in monitoring the implementation of the 2023-2027 CCP. In addition, the WG/DH monitored the implementation of the UNCT SWAP-Gender Scorecard Action Plan as well as provided support for the production of the UNS Reports on the Gender Scorecard and the UN Coordination Newsletter. In 2022, the WGGH led by UN Women and composed of UN agencies (UNFPA, UNDP, UNHCR, WFP, OCHA), government and women-led CSOs strengthened the capacity of its members in gender analysis, cross-cutting protection, PEAS and accountability to affected people. The WGGH also organized an open house on International Women's Day to raise awareness of the role of gender in environmental protection and created its first newsletter in the first quarter. – Two rapid gender analyses were conducted under the lead of UN Women. In accordance with the WGIG's 2022 work plan, two trainings on rapid gender analysis in the regions of Tillabéry and Diffa followed by data collection in Tillabéry with the participation of 8 women-led organizations, 5 UN agencies ? 6 NGOs and 2 ministers.
