STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

Affirmative procurement policy, legislative and/or other enabling measures in place by 2022, to provide new opportunities for high-impact growth for women-owned businesses (WOBs) in Nigeria

UN Women has engaged both public procurement agencies in Lagos and Kaduna State with two strategic proposals. First, the possibility of having an executive order signed by the Chief Executive of the respective state governments to provide procurement quotas for women owned businesses. Secondly, UN Women is already in advanced stages with both procurement agencies to reform their existing policy guidelines and regulations, to make them more gender responsive and include mandatory "set asides" that provide enhanced opportunities for women owned businesses.
