Outcome Description

Protracted conflict in parts of Sudan has disproportionately affected women, trapping them in negative vulnerability, violence, disempowerment, disrupted livelihoods and reduced resilience. UNAMID has started its phased withdrawal guided by UNSCR 2429, which clearly recommends the gender analysis and inclusion of technical gender expertise throughout all stages of planning, mandate development, implementation, review and mission drawdown, as well as the development of a structured framework through which conflict related sexual violence will be comprehensively addressed. UN Women is leveraging on the transfer of the gender portfolio of UNAMID to support gender integration in the peace building process and the humanitarian development nexus. The interventions are done through the UNCT- UNAMID transition team and are mainly based on supporting activities in the 3 priority areas: (1) Resilience and livelihoods, durable solutions, (2) Human rights promotion and capacity-building, (3) .

STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

Commitments on women, peace and humanitarian action are implemented in coordination between the UN System and national stakeholders, with more women and gender equality advocates influencing the processes

During the reporting period, UN Women has significantly contributed to the implementation of the UN and national commitments on Women, Peace and Humanitarian Action. The successful engendering of the Sudan HRP and HNO led by Sudan CO is the first step realize the implementation of UN commitments in this domain. In addition, the successful collaborative efforts between UN Women, UNITAMS, UNDP, Sida and the National women's groups to engender the political framework agreement is a significant step towards realizing the implementation of WPS agenda. It is worth noting that among the key provisions included in the political agreement are: 1) ensuring 40 % women's representation not only in the legislative Council but also executive institutions and the judiciary. 2) while the Juba Peace Agreement 2022 is now subject to review, the gender related provisions are not be reviewed but retained. 3) the state is to ensure that it abides by all UN security Council resolutions related to WPS. These are all key achievements that paves that way to realization of UN commitments in the WPS and humanitarian domains.
