	2023 (Target)	-	-

## STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : 2022

### Changes attributed to UN Women in skills or abilities and capacities of individuals or institutions and/or the availability of new products and services contributing to Women's voice, leadership & agency

530 elected women and women leaders from 33 local governments are improving their knowledge and skills for inclusive governance. They know how to lead their leadership and integrate gender into local policies and their commune's budget. They have tools to fight against gender-based violence and to improve the governance of their organization through themes such as local finance, gender-sensitive planning and budgeting, organizational dynamics, marketing and sales techniques, and financial education. They are digitally literate and know how to hold an online meeting, exchange with each other and manage their business through digital means. These local authorities belonging to the regions of Louga, Thiès and Dakar now have three regional networks that interact and become more involved in the economic and social life of their community and strengthen each other's capacities and leadership through experience sharing. The community of Gueule Tapée Fass Colobane has an equipped and functional grain production and processing unit. 80 women and young candidates invested in the 2022 legislative elections improve their knowledge and capacities on the electoral cycle and process. They have tools to develop a good political argument and strengthened their leadership. They are sensitized on the issues and challenges of a successful electoral process, informed and documented with the establishment of a web platform of electoral information in Senegal (PIES) that will lead to their awareness. 80 women leaders, journalists and elected women improve their knowledge of the electoral process, have tools and conduct a successful election observation during the 2022 legislative elections. These processes were carried out with the support of UN WOMEN in collaboration with the Alliance for Migration, Leadership and Development (AMLD), the women's watchdog

platform FAS (Femmes Africa Solidarit&eacute;), ECOBANK, and UN agencies such as UNDP, UNFPA, and UNICEF, and contributed significantly to the outcome.
