STRATEGIC NOTE OUTCOME PROGRESS NOTE

SHOWING DATA OF : **2022**

Changes attributed to UNWomen in skills or abilities and capacities of individuals or institutions and/or the availability of new products and services contributing to Production, analysis and use of gender statistics and sex.

For better understanding of gender indicators, for the first time in Senegal, with the support of UN Women, ANSD has set up and published an open-access gender meta-database with the definition of indicators and mechanisms for calculating gender statistics. Also, for better addressing the needs of users for specific sex-disaggregated data, the Ministry of Women organized the first forum between producers and users of gender data in Senegal.
