For this reporting period, the country office has continued to work on actions that promote a culture of peace to advance towards the achievement of peaceful and

safe environments for women. Through the implementation of the Spotlight Initiative, the capacities of the justice sector have been strengthened. In 2022, with funding from the Canada Fund for Local Initiatives (CFLI), it supported the updating of the Institutional Gender Policy of the Office of the Human Rights Ombudsman, ensuring the follow-up and implementation of Resolution 1325 and the positioning of the Women, Peace and Security Agenda. Technical support has been provided to the Foreign Ministry in the implementation and follow-up of the II National Action Plan, approved in May 2022, and the strengthening of the inter-institutional coordination space created for this purpose (<https://ree.gob.sv/el-salvador-presenta-estrategia-nacional-de-la-resolucion-1325-compromiso-internacional-sobre-mujeres-paz-y-seguridad/>). The country office has continued to promote the National Coalition on Women and Climate Change, launched in 2021 with the participation of the Embassies of Costa Rica and Canada, the Ministry of the Environment and Natural Resources, ISDEMU, and the Executive Secretariat of the Council of Ministers of Health of Central America (COMISCA), as an area of great importance considering the country's vulnerability to the impacts of climate change.
