#### UN System Function

#### Outcome Description

The WEE Programme works to remove the structural and individual barriers that keep women at the margins of the labour force and decent work. This targets women and youth micro and small to medium enterprise (MSME) owners, recognizing their current exclusion and important role in C-19 recovery, while also working to transform the policy and business environment in which public and private institutions operate so that it can more equitably benefit women and youth entrepreneurs using the WEPs as a guiding framework.
