

UN WOMEN'S 2024 REGIONAL REACH

Powering change for all women and girls

AMERICAS AND THE CARIBBEAN

In 2024, UN Women powered progress towards gender equality for all women and girls in line with its Strategic Plan 2022–2025. Through deep collaboration with governments, civil society, the private sector and the UN system, UN Women delivered transformative results across the plan's seven outcomes and four impact areas. The latter comprise governance and participation in public life, women's economic empowerment, ending violence against women and girls, and women, peace and security, humanitarian action and disaster risk reduction. Read on to explore UN Women's reach in the Americas and the Caribbean region.
