Expenses:
\$28.36 K

**STRATEGIC NOTE OUTCOME PROGRESS NOTE**SHOWING DATA OF : **2022****The capacity of governments and stakeholders is strengthened to assess progress in implementation of the Beijing Platform for Action, and other global normative and policy frameworks**

This outcome was mostly achieved as planned. At the civil society level, the CEDAW Coalition is now able to submit the needed reports to assess progress on the implementation of the convention and report on it to the relevant committees in order to improve performance. These results were less than targeted, as no report were submitted by the State of Palestine in 2022 as initially expected. These results are evidenced by the additional documents attached here. UN Women used its strategic positioning and expertise to increase civil society capacity and effectively improve performance. The CEDAW Coalition worked to improve reporting to relevant committees. UN Women provided support on how to assess progress on the implementation of CEDAW. This capacity building support proved extremely effective and should be replicated in the future.
